Dr. Khaled Al Mazrouei joined Fujairah International Airport and worked in different positions until 2001 when he became the General Manager of the airport. He was formerly the Chairman of the Gulf Airport Services Association (GASA), an association of airport ground handling agencies in the gulf region. He was awarded as the Best Emerging Market Airport Personality 2010, Airport Personality of the year 2009 and Best Sports Leader in Fujairah in 2008. During his management, Fujairah International Airport won many awards and the most important ones are Emerging Cargo Airport for the year 2009, Best Airport in Developing Cargo Security 2009 and Cargo Airport of the Year 2007.

He currently lectures on a part-time basis, the Business and Marketing courses at Ajman University-Fujairah, Wollongong University-Dubai and University of Dubai. Also, he is often invited as chairman and speaker in several conferences in and outside of the UAE.

In addition to the above activities, he is also the Editor-In-Chief of the Blue Skies Magazine, an aviation focused publication, and is also a weekly article contributor in one of the country's leading newspapers.
